

**DEPARTMENT OF ANATOMY, PHYSIOLOGY & CELL BIOLOGY
SCHOOL OF VETERINARY MEDICINE
UNIVERSITY OF CALIFORNIA, DAVIS**

-
- POSITION AVAILABLE:** Assistant/Associate Professor of Pulmonary Biology 11-month (tenure track)
- SALARY:** Dependent on qualifications and experience
- QUALIFICATIONS:** PhD required with advanced training in vertebrate pulmonary biology. DVM or equivalent preferred. Demonstrated aptitude/experience in teaching broad-based physiology, cell biology and/or anatomy required. Documented research record or potential to develop an independent research program in pathophysiology of pulmonary diseases required. Demonstrated ability in acquisition of extramural funding. Must possess excellent interpersonal and communication skills and a demonstrated ability to work with others in a collegial team atmosphere, including campus collaborative research programs.
- RESPONSIBILITIES:**
- Teaching: Responsibilities include: 1) participation in lectures and laboratories in the DVM professional curriculum and 2) participation in the graduate academic programs (MS and PhD) of the campus.
- Research: The development of a creative, independent and productive vertebrate research program in an area of pathophysiology of pulmonary diseases such as the role of environment, mucosal immunology, lung development, epithelial or stem cell biology is a fundamental and indispensable requirement of the position, including publication of results in professional/scientific journals. Individual will provide leadership in directing research projects of graduate students.
- Service: University and public service through committee work, participation in professional organizations, continuing education and other appropriate means is required.
- APPLICATION PROCESS:** To receive fullest consideration, applications must be received by **January 5, 2007**; position open until filled. Electronic applications encouraged. Interested applicants should submit 1) a letter of intent outlining special interest in the position, overall related qualifications, experience, and research/teaching goals; 2) curriculum vitae; 3) three representative reprints; and 4) the names and addresses (including e-mail address) of three professional references to:
