POSITION AVAILABLE: Assistant/Associate Professor of Clinical Equine Surgical and Emergency Critical Care (Clinical track)

SALARY: Dependent on qualifications and experience

START DATE: Negotiable

QUALIFICATIONS: Veterinarian with advanced training in equine surgery. Clinical experience and competence in equine surgical emergency and critical care is required. American College of Veterinary Surgeons board certification is required. American College of Veterinary Emergency and Critical Care board certification, or eligibility for certification, is desirable. Demonstrated aptitude/experience in teaching, particularly clinical teaching, is required. Documented record of creative scholarship or potential to develop an independent clinical research program in some aspect of clinical equine surgical emergency and critical care or equine surgical emergency and critical care education is required. Must possess excellent interpersonal and communication skills, and a demonstrated ability to work with others in a collegial team atmosphere.

RESPONSIBILITIES: Clinical: The position includes a 75% clinical commitment to the Equine Surgical & Critical Care Service of the Veterinary Medical Teaching Hospital (VMTH). Individual will be responsible for directing, instructing and supervising veterinary students and residents; providing health care and service to patients; and advising and consulting with referring veterinarians and clients.

Teaching: The primary teaching responsibility will be direct daily supervision and instruction of senior students and residents rotating through the Equine Surgical Emergency & Critical Care Service. Other responsibilities may include: 1) participation in lectures and laboratories in the DVM professional curriculum; 2) clinical teaching in the VMTH; and 3) participation in all aspects of the didactic and clinical (resident) training program of the VMTH.

Professional Competence: Advance the discipline within the VMTH, as well as locally and nationally, through participation and leadership in providing high quality patient care in the hospital environment. Expected to establish reputation for clinical excellence locally, regionally and nationally, depending upon level of appointment. Must demonstrate clinical competence and be recognized for accomplishment in a focused area of clinical practice.

Creative Scholarship: Faculty are expected to advance the clinical discipline through creation and dissemination of new knowledge with documentation in peer-reviewed publications. Creative/scholarly activities are required for individuals in this series, but in view of the increased responsibilities for clinical service and teaching, the type of scholarly activity may focus primarily on integrating/improving clinical care, conducting clinical research studies, and/or improving veterinary medical education.

Service: University and public service through committee work, participation in professional organizations, continuing education and other appropriate means is required.

APPLICATION PROCESS: To receive fullest consideration, applications must be submitted by March 31, 2016. Position is open until filled. To begin the application process, interested applicants should register online at https://recruit.ucdavis.edu/apply/JPF00839 and submit the following materials: 1) a letter of intent outlining special interest in the position, overall related qualifications, experience and career goals; 2) curriculum vitae; 3) the names and addresses of four professional references; and 4) a statement summarizing experience and professional contributions in the area of equity and diversity.
