**POSITION AVAILABLE:** Assistant/Associate Professor of Clinical Equine Ophthalmology (Clinical Track Position)

**SALARY:** Dependent on qualifications and experience

**START DATE:** Negotiable

**QUALIFICATIONS:**
Veterinarian with advanced training in equine ophthalmology. Board certification from the American College of Veterinary Ophthalmologists/American Board of Veterinary Ophthalmology is required. Clinical experience and competence in veterinary ophthalmology with documented experience & expertise in equine ophthalmology is required. Experience developing and running an equine ophthalmology program preferred. Demonstrated aptitude and experience in teaching, particularly clinical instruction, required. Documented record of creative scholarship or potential to develop a clinical research program in ophthalmology or vision science is required. Must possess excellent interpersonal and communication skills and a demonstrated ability to work with others in a collegial team atmosphere.

**RESPONSIBILITIES:**

**Clinical:** The position includes a 70% clinical commitment to the Ophthalmology Service of the Veterinary Medical Teaching Hospital (VMTH). The primary clinical effort will be directed towards establishment and growth of a Clinical Ophthalmology Service within the VMTH for horses and other large animal species, although some work with small animals will also be expected. Individual will be responsible for directing, instructing and supervising veterinary students and residents; providing health care and service to patients; and advising and consulting with referring veterinarians and clients.

**Teaching:** The primary teaching responsibility will be direct daily supervision and instruction of senior students and residents rotating through the Veterinary Ophthalmology Service. Other responsibilities may include: 1) participation in lectures and laboratories in the DVM professional curriculum; 2) clinical teaching in the VMTH; and 3) participation in all didactic and clinical aspects of the ophthalmology (and to a lesser degree equine medicine and surgery) resident training programs of the VMTH.

**Professional Competence:** Advance the discipline within the VMTH, as well as locally and nationally, through participation and leadership in providing high quality patient care in the hospital environment. Expected to establish reputation for clinical excellence locally, regionally and nationally, depending upon level of appointment. Must demonstrate clinical competence and be recognized for accomplishment in a focused area of clinical practice.

**Creative Scholarship:** Faculty are expected to advance the clinical discipline through creation and dissemination of new knowledge with documentation in peer-reviewed publications. Creative/scholarly activities are required for individuals in this series, but in view of the increased responsibilities for clinical service and teaching, the type of scholarly activity may focus primarily on integrating/improving clinical care, conducting clinical research studies, and/or improving veterinary medical education.

**Service:** University and public service through committee work, participation in professional organizations, continuing education and other appropriate means is required.

**APPLICATION PROCESS:** To receive fullest consideration, applications must be submitted by November 30, 2015. Position is open until filled. To begin the application process, interested applicants should register online at [https://recruit.ucdavis.edu/apply/JPF00741](https://recruit.ucdavis.edu/apply/JPF00741) and submit the following materials: 1) a letter of intent outlining special interest in the position, overall related qualifications, experience and career goals; 2) curriculum vitae; 3) the names and addresses of four professional references; and 4) statement summarizing experience and professional contributions in the area of equity and diversity.
