POSITION AVAILABLE: Associate Staff Veterinarian in Anesthesiology

SALARY: Dependent on qualifications and experience

START DATE: January 1, 2016 to December 31, 2016

CONTINUANCE: This is a one-year appointment with possibility of renewal based on annual performance evaluation and service needs.

QUALIFICATIONS: Veterinarian with advanced clinical training and expertise in anesthesiology. Board certification in the American College of Veterinary Anesthesia and Analgesia or the European College of Veterinary Anaesthesia and Analgesia is preferred, but board eligible candidates will be considered. Demonstrated aptitude/experience in teaching, particularly clinical instruction, is preferred. Must possess excellent interpersonal and communication skills and a demonstrated ability to work with others in a collegial team atmosphere.

RESPONSIBILITIES: Clinical: The position includes a 90% clinical commitment to the Anesthesiology Service of the Veterinary Medical Teaching Hospital (VMTH). The individual will be responsible for directing, instructing and supervising veterinary students and residents; and providing health care and service to patients.

Teaching: The primary teaching responsibility will be direct daily supervision and clinical instruction of DVM students and anesthesiology residents.

APPLICATION PROCESS: To receive fullest consideration, applications must be received by December 1, 2015; position open until filled. Interested applicants should submit 1) a letter of intent outlining special interest in the position, overall related qualifications and experience and career goals; 2) curriculum vitae; and 3) the names and addresses of three professional references to:
