CAHFS is now offering a Mycoplasma PCR panel for use on ruminant samples. Testing is performed on an enrichment broth from tissue, swab, or milk samples, which helps differentiate live bacteria from non-viable bacterial DNA. Samples are screened for *Mycoplasma sp.* in general and for *M. bovis* specifically. If a non-*M. bovis* Mycoplasma is detected, culture will be performed to determine if other Mycoplasma can be recovered. Since ovine and caprine *Mycoplasma sp.* are more difficult to differentiate, culture will automatically be performed on samples from these species. The cost of the panel is $25.00 which includes both PCR tests and culture if indicated. Please contact the Davis lab at 530-752-8700 with any questions.

**CAHFS Locations**

- **CAHFS – Davis**  
  620 W Health Sciences Dr.  
  University of California Davis, CA 95616  
  Phone: 530-752-8700

- **CAHFS – Turlock**  
  1550 Soderquist Road  
  Turlock, CA 95381  
  Phone: 209-634-5837  
  (Avian only lab)

- **CAHFS – Tulare**  
  18830 Road 112  
  Tulare, CA 93274  
  Phone: 559-688-7543

- **CAHFS – San Bernardino**  
  105 W. Central Avenue  
  San Bernardino, CA 92408  
  Phone: 909-383-4287
