**Why should you register for this course?**

The demands placed on today's veterinary medical team for expert patient care have never been greater. Your procedures and techniques need to be updated frequently to keep up with the rapid changes in knowledge, materials and technology occurring in veterinary medicine. Continuing veterinary medical education is a good source to learn of the newest procedures to enable you to deliver quality care worthy of your reputation and standards. We are proud to be able to offer these lectures online.

**Earn up to 10 hours of continuing education credit. Each lecture within a topic area is worth one hour of CE credit.**

Fill out the attached registration page and fax or mail it to the address listed. **An e-mail address will be required** to log in to the online lecture tracks. Once registration is received and payment is confirmed, you will be notified by e-mail with your login username and password to begin.
