

SYMPOSIUM GOALS

The topics covered in this symposium are the most common neurological problems that small animal clinicians deal with in clinical practice. Each participant will leave at the end of the day with up-to-date information, renewed confidence and knowledge in approaching these neurological cases.

REGISTRATION FEE INCLUDES

Renowned UC Davis faculty, continuing education credit, program syllabus, morning refreshments, lunch and afternoon refreshments.

EARN CE CREDITS!

This program is worth up to 7 hours of Scientific Continuing Education Credit

EXHIBITS

Our symposium partners are invited to exhibit on Sunday during registration and refreshment breaks. Participating companies will have representatives available during this session to answer questions and provide information on current/new products and services. Their partnership contributes to the success of the symposium.
