The Biomedical + Engineering Entrepreneurship Academy is an intensive commercialization program for students, postdocs and faculty who want to identify, design and validate market opportunities for their research.

Learn how to move advances in biomedicine and engineering out of the lab and into the world—where they can make a real difference.

JOIN US JULY 10–12, 2017

THE 2017 ACADEMY IS CO-SPONSORED BY:
UC Davis Biomedical Engineering Department
UC Davis School of Medicine
UC Davis School of Veterinary Medicine
UC Davis Office of Research
UC Davis Institute for Innovation and Entrepreneurship

APPLICATIONS NOW OPEN.
