

## FedEx Online Reduced Price Program\* (optional) Enrollment Form

A negotiated contract between FedEx and the Real-time PCR Core Facility allows our clients to receive University bulk discounted pricing for FedEx Priority Overnight shipping. Join our FedEx reduced price program and **save up to 50% on shipping costs** (compared to standard listed rates) when sending packages from anywhere in the United States to the Core Facility! For example, shipping a 1 lb package Priority Overnight from the East Coast to the Core Facility costs about \$35.00, \$28.00 from the Midwest, and \$25.00 from the West Coast using our reduced price program (prices can vary depending on several factors- fuel costs, pick up/drop off options, signature requirements, etc.)

### Why enroll in the FedEx reduced price program?

- 1.) Enrollment is free and simple, just follow the three steps below!
- 2.) Using the online FedEx shipping website is an easy way to create shipments, and we provide detailed instructions to make it even easier!
- 3.) You pay nothing upfront for shipping. We will bill your clinic for any shipping charges when we bill you for our PCR services.
- 4.) Not only will you be able to use your online account to create shipments, but you can also print shipping labels, sign up to receive tracking notifications via email, schedule a pickup (or find the nearest drop off location), and view weekly/monthly shipping summaries.

**Step 1** Fill out the contact information below:

**Contact Person:** \_\_\_\_\_

**Clinic or Hospital:** \_\_\_\_\_

**Address (billing):** \_\_\_\_\_

\_\_\_\_\_

**Phone:** \_\_\_\_\_

**FAX:** \_\_\_\_\_

**Email address:** \_\_\_\_\_  
(of contact person)

**Step 2:** FAX this Enrollment Form to the Real-time PCR Research and Diagnostics Core Facility at 530-754-6862.

**Step 3:** Within one business day we will FAX you your clinic's UserID, Password, and instructions so you can create shipments online anytime!

**\* The FedEx reduced price program can only be used to ship packages to the Real-time PCR Core Facility. Abuse of the program by shipping elsewhere will lead to immediate deactivation.**
