2006 Programs for RVTs, Veterinary Technicians and Veterinary Assistants

Technician/Assistant: Surgical Assistance (I & II)  Jun 4  UC Davis

Technician/Assistant: Diagnostic Parasitology  Jun 25  UC Davis

Nonsurgical embryo transfer has become the standard in the equine industry, and professor W.R. Allen’s laboratory has developed a technique that simplifies the technical demands and improves the success rate.

The course Equine Reproductive Techniques includes a session titled “Nonsurgical embryo transfer—application of the Wilsher forceps for improved transcervical embryo transfer in the mare.”
