Assistant/Associate Professor of Clinical Anesthesiology, or Health Sciences Assistant/Associate Clinical Professor of Anesthesiology

(Salary: Dependent on qualifications and experience)

START DATE: Negotiable

QUALIFICATIONS:
Both title series -- Veterinarian with advanced training in anesthesiology. American College of Veterinary Anesthesiologists board certification or eligibility, or European College of Veterinary Anesthesia and Analgesia board certification or eligibility is required. Clinical experience and competence in anesthesiology is required. Demonstrated aptitude/experience in teaching, particularly clinical instruction is required. Must possess outstanding interpersonal and communication skills and a demonstrated ability to work with others in a collegial team atmosphere.

For the Assistant/Associate Professor of Clinical Anesthesiology title series, a documented record of creative scholarship or potential to develop an independent clinical research program in anesthesiology is required.

RESPONSIBILITIES:
Clinical: The position includes either a 70% (Prof of Clinical series) or 90% (Health Sciences Clinical series) clinical effort assignment to the Anesthesiology Service of the William R. Pritchard Veterinary Medical Teaching Hospital (VMTH) in both large and small animals. Individual will be responsible for directing, instructing and supervising veterinary students and residents; providing health care and service to patients; and advising and consulting with referring veterinarians and clients.

Teaching: The primary teaching responsibility will be direct daily supervision and instruction of veterinary students and residents in anesthesiology. Other responsibilities include: 1) lectures and laboratories in the DVM professional curriculum; 2) participation in all aspects of the graduate clinical (resident) training program of the VMTH; and 3) continuing professional education. The successful individual is expected to demonstrate excellence in teaching.

Professional Competence: Advance the discipline within the VMTH, as well as locally and nationally, through participation and leadership in providing high quality patient care in the hospital environment. Expected to establish a reputation for clinical excellence locally, regionally and nationally, depending upon level of appointment. Must demonstrate clinical competence and be recognized for accomplishment in a focused area of clinical practice.

Service: University and public service through committee work, participation in professional organizations, continuing education and other appropriate means is required.

Creative Scholarship: Faculty in the Professor of Clinical series (70% clinical effort) are expected to advance the clinical discipline through creation and dissemination of new knowledge with documentation by peer-reviewed publications. Creative/scholarly activities are required for individuals in this series, but in view of the responsibilities for clinical service and teaching, the type of scholarly activity may focus primarily on integrating/improving clinical care, conducting clinical research studies, and/or improving veterinary medical education. Creative scholarship is encouraged but is not a requirement for career advancement in the Health Sciences Clinical Professor series (90% clinical effort).

APPLICATION:
To receive fullest consideration, applications must be submitted by August 31, 2015. Position is open until filled. To begin the application process, interested applicants should register online at https://recruit.ucdavis.edu/apply/JPF00627 and submit the following materials: 1) a letter of intent outlining special interest in the position, overall related qualifications, experience and career goals; 2) curriculum vitae; 3) the names and addresses of four professional references; and 4) a statement summarizing experience and professional contributions in the area of equity and diversity. For questions about the application process please contact:
