

**DEPARTMENT OF SURGICAL AND RADIOLOGICAL SCIENCES
SCHOOL OF VETERINARY MEDICINE
UNIVERSITY OF CALIFORNIA, DAVIS**

POSITION AVAILABLE: Health Sciences Assistant Clinical Professor of Neurology/Neurosurgery (100% variable)

SALARY: Dependent on qualifications and experience

START DATE: Negotiable

QUALIFICATIONS: Veterinarian with advanced training in neurology/neurosurgery. Board certification in the American College of Veterinary Internal Medicine (Neurology) is required. Clinical experience and competence in medical neurology and advanced neurosurgical techniques is required. Demonstrated aptitude/experience in teaching, particularly clinical instruction of residents required. Must possess excellent interpersonal and communication skills and a demonstrated ability to work with others in a collegial team atmosphere.

RESPONSIBILITIES: Percent time will be negotiated annually based on clinical need.

Clinical: The position includes a 90% clinical commitment to the Neurology/Neurosurgery Service of the Veterinary Medical Teaching Hospital (VMTH). Provision of emergency/off-hours and weekend service will be required, providing clinical service for both medical and neurosurgical cases. The individual will be responsible for directing, instructing and supervising veterinary students and house officers; providing health care and service to patients; and advising and consulting with referring veterinarians and clients. Expected to demonstrate distinction in clinical practice.

Teaching: The primary teaching responsibility will be direct daily supervision and instruction of senior students and residents in neurology/neurosurgery. Other responsibilities include: 1) participation in lectures and laboratories in the DVM professional curriculum; 2) clinical teaching in the Veterinary Medical Teaching Hospital (VMTH); 3) participation in the graduate clinical (resident) training program of the VMTH; and 4) continuing professional education. Expected to demonstrate excellence in teaching, especially clinical.

Professional Competence: Advance the discipline within the VMTH, as well as locally and nationally, through participation and leadership in providing high quality patient care in the hospital environment. Expected to establish reputation for clinical excellence locally, regionally and nationally, depending upon level of appointment. Must demonstrate distinction in professional competencies and be recognized for accomplishment in a focused area of clinical practice.

Service: University and public service through committee work, participation in professional organizations, and other appropriate means is required.

APPLICATION PROCESS: To receive fullest consideration, applications must be received by Monday, December 1, 2008. Position is open until filled. Interested applicants should submit 1) a letter of intent outlining special interest in the position, overall related qualifications and experience and career goals; 2) curriculum vitae; and 3) the names and addresses of three professional references to:
