

**DEPARTMENT OF SURGICAL AND RADIOLOGICAL SCIENCES  
SCHOOL OF VETERINARY MEDICINE  
UNIVERSITY OF CALIFORNIA, DAVIS**

- 
- POSITION AVAILABLE:** Professor of Small Animal Soft Tissue Surgery (Tenure Track Position)
- SALARY:** Dependent on qualifications and experience
- STARTING DATE:** Appointment effective as soon as suitable candidate identified
- QUALIFICATIONS:** Veterinarian with advanced training in small animal soft tissue surgery. Specialist certification in surgery and a PhD or advanced research training in small animal soft tissue surgery is required. Must have a documented record of an independent research program in small animal soft tissue surgery. Demonstrated aptitude/experience in clinical instruction of DVM students and residents in small animal surgery required. Demonstrated ability to develop creative instructional programs for professional students in the classroom and laboratory is required. Demonstrated clinical administrative experience and effective leadership preferred. Must possess excellent interpersonal and communication skills and a demonstrated ability to work with others in a collegial team atmosphere.
- RESPONSIBILITIES:**
- Teaching:** Responsibilities include: 1) participation in lectures and laboratories in the DVM professional curriculum; 2) clinical teaching in the William R. Pritchard Veterinary Medical Teaching Hospital (VMTH); 3) participation in the graduate clinical (resident) training program of the VMTH; and 4) participation in the graduate academic programs (MS and PhD) of the campus.
- Clinical:** Responsibilities include a 50% clinical effort assignment to the Small Animal Surgery Service in the VMTH. Individual will be expected to provide senior leadership for the Small Animal Surgery service, particularly in soft tissue surgery, including mentorship of junior faculty and residents in clinical surgery and surgical research. The individual will be responsible for directing, instructing and supervising veterinary students and residents; providing health care and service to patients; and advising and consulting with referring veterinarians and clients.
- Research:** The development of a creative, independent and productive basic and/or clinically-oriented research program in small animal soft tissue surgery is a fundamental and indispensable requirement of the position, including publication of results in professional/scientific journals. The individual will provide leadership in directing research projects of residents and graduate students.
- Service:** University and public service through committee work, participation in professional organizations, continuing education and other appropriate means is required.
- APPLICATION PROCESS:** To receive fullest consideration, applications must be received by **Monday, June 1, 2009**; position is open until filled. Interested applicants should submit 1) a letter of intent outlining special interest in the position, overall related qualifications and experience and career goals; 2) curriculum vitae; and 3) the names and addresses of three professional references to:
