

-
- POSITION AVAILABLE:** Assistant/Associate/Full Professor of Small Animal Soft Tissue Surgery (Tenure Track Position)
- SALARY:** Dependent on qualifications and experience
- STARTING DATE:** Appointment effective as soon as suitable candidate identified
- QUALIFICATIONS:** Veterinarian with advanced training in small animal soft tissue surgery. American College of Veterinary Surgeons board certification, or eligibility for certification, is required. PhD or advanced research training in small animal soft tissue surgery is preferred. Must have a documented research record or demonstrated potential to develop an independent research program in small animal soft tissue surgery. Demonstrated aptitude/experience in clinical instruction of DVM students and residents in small animal surgery required. Demonstrated ability to develop creative instructional programs for graduate students in the classroom and laboratory. Must possess excellent interpersonal and communication skills and a demonstrated ability to work with others in a collegial team atmosphere.
- RESPONSIBILITIES:**
- Teaching:** Responsibilities include: 1) participation in lectures and laboratories in the DVM professional curriculum; 2) clinical teaching in the Veterinary Medical Teaching Hospital (VMTH); 3) participation in the graduate clinical (resident) training program of the VMTH; and 4) participation in the graduate academic programs (MS and PhD) of the campus.
- Clinical:** The individual will be responsible for diagnosis and treatment of patients presented to the Small Animal Soft Tissue Surgery Service. There will be a 50% clinical commitment to the Small Animal Soft Tissue Surgery Service. The individual will be responsible for directing, instructing and supervising veterinary students and residents; providing health care and service to patients; and advising and consulting with referring veterinarians and clients.
- Research:** The development of a creative, independent and productive basic and/or clinically-oriented research program in small animal soft tissue surgery is a fundamental and indispensable requirement of the position, including publication of results in professional/scientific journals. The individual will provide leadership in directing research projects of residents and graduate students.
- Service:** University and public service through committee work, participation in professional organizations, continuing education and other appropriate means is required.
- APPLICATION PROCESS:** To receive fullest consideration, applications must be received by **Monday, November 16, 2009**. Position open until filled. Interested applicants should submit 1) a letter of intent outlining special interest in the position, overall related qualifications and experience and career goals; 2) curriculum vitae; and 3) the names and addresses of three professional references to:
