

- POSITION AVAILABLE:** Assistant or Associate Professor of Clinical Anesthesiology or Health Sciences Assistant or Associate Clinical Professor of Anesthesiology
- SALARY:** Dependent on qualifications and experience
- START DATE:** Negotiable (July 2023 desired)
- QUALIFICATIONS:** Veterinarian with advanced training in anesthesiology. Board eligibility by the American College of Veterinary Anesthesia and Analgesia or the European College of Veterinary Anesthesia and Analgesia is required; board certification is preferred. Board certification will be required for appointment at or promotion to the Associate rank. Clinical experience and competence in veterinary anesthesiology is required. Demonstrated aptitude/experience in teaching is required. Documented record of creative scholarship of potential to develop a clinical research program in anesthesiology required for the *Professor of Clinical series*. Must possess outstanding interpersonal and communication skills and a demonstrated ability to work with others in a collegial team atmosphere.
- A valid license to practice veterinary medicine in California is required before employment (California Business and Professions Code Section 4846-4857). Individuals not eligible for a full California license must obtain a University License (California Business and Professions Code Section 4848.1) by the time of appointment.
- RESPONSIBILITIES:**
- Clinical: The position has a 70 (*Professor of Clinical series*) or 90% (*Health Sciences Clinical Professor series*) clinical commitment to the Anesthesiology Service of the Veterinary Medical Teaching Hospital (VMTH), including night and weekend coverage, shared with other anesthesiologists and 5 anesthesia residents. The individual will be responsible for directing, instructing and supervising veterinary students, house officers and technicians; providing health care and service to patients; and advising and consulting with referring veterinarians and clients.
- Teaching: The primary teaching responsibility will be direct daily supervision and instruction of senior students and house officers rotating through the Anesthesiology and Community Surgery services. Other responsibilities will include: 1) participation in lectures and/or laboratories in the DVM professional curriculum; and 2) participation in all aspects of the didactic and graduate clinical (resident) training program of the VMTH.
- Professional Competence: Advance the discipline within the VMTH, as well as locally and nationally, through participation and leadership in providing high quality patient care in the hospital environment. Expected to establish a reputation for clinical excellence locally, regionally and nationally. Must demonstrate clinical competence and be recognized for accomplishment in a focused area of clinical practice. ACVAA or ECVAA certification and maintenance of certification required for appointment at or promotion to the Associate rank.
- Creative Scholarship: Creative/scholarly activities are required for individuals in both series. Faculty in the *Professor of Clinical series* are expected to advance the clinical discipline through creation and dissemination of new knowledge with documentation in peer-reviewed publications. The type of scholarly activity may focus primarily on integrating/improving clinical care, conducting clinical research studies, and/or improving veterinary medical education.
- Although creative scholarship is an expectation for faculty in the *Health Sciences Clinical Professor series*, it is typically derived from clinical teaching and professional service activities. Examples of activities qualifying as creative scholarship in this series include participation in the advancement of professional education; publication of case reports or clinical reviews; development of or contributions to administration (supervision) of a clinical service; or development of or contributions to clinical guidelines or pathways.
- Service: University and public service through committee work, participation in professional organizations, continuing education and other appropriate means is required.
- APPLICATION PROCESS:** To receive fullest consideration, applications must be submitted by **January 30<sup>th</sup>, 2023**. Position is open until filled. To begin the application process, interested applicants should register online at <https://recruit.ucdavis.edu/apply/JPF05466> and submit the following materials: 1) a letter of intent outlining special interest in the position, overall related qualifications, experience and career goals; 2) curriculum vitae; 3) a statement of clinical didactic teaching philosophy; 4) a statement summarizing experience and professional contributions in the area of equity and diversity; and 5) the names and addresses of four professional references. For questions about the application process please contact: Denise Pennington (email: [mdpennington@ucdavis.edu](mailto:mdpennington@ucdavis.edu))
